Duplicate HD video inputs into multiple HD video outputs!

Features

- ✓ Compatible with analogue, AHD, TVI & CVI
- ✓ Quad Technology
- ✓ 4 Inputs / 8 Outputs
- ✓ HD 1080P Compatible
- ✓ 12V DC PSU Supplied
- ✓ BNC Connections
- ✓ Desk Mount
- ✓ Long Cable Runs

Description

The DIST0408 is a desk mounted video distributor capable of duplicating 4 video input signal to 8 outputs: each input having up to 2 outputs.

Video distributors take video inputs and duplicates them for multiple outputs allowing them to be driven to additional equipment such as extra monitors and quads, or for running extra video signals around a building.

They are popular in commercial and retail installs where a variety of viewing screen combinations are required.

These distributors are great for long cable runs as they can send each signal over 200M without interference.
