- ✓ Built-in IR Extender
- ✓ Wall-mount Design
- ✓ Supports Full 1080p & 3D Video
- ✓ 2 HDMI Outputs
- ✓ Quality Metal Build
- ✓ 5V DC PSU Included
- ✓ HD Audio

Description

Our ScatterBox range of high quality products offer simple and reliable solutions for distributing video signals through your CCTV or entertainment systems.

The HDM302 splits a single 1080p HDMI input into 2 HDMI outputs allowing for the same image to be viewed in multiple locations or on multiple screens. It also supports 3D video and HD audio as well.

The built-in IR extender adds convenience and security as the DVR can be safely hidden out of sight and still controlled using the IR remote control.

The high quality metal bodied unit can be wall-mounted for a neat and professional installation.

(Input cable length up to 15m / Output cable length up to 15m)
