Description

Our ScatterBox range of high quality products offer simple and reliable solutions for distributing video signals through your CCTV or entertainment systems.

The HDM308 splits a single 1080p HDMI input into 8 HDMI outputs allowing for the same image to be viewed in multiple locations or on multiple screens. It also supports 3D and 4K (30Hz) video plus HD audio as well.

The high quality metal bodied unit can be wall-mounted for a neat and professional installation.

(Input cable length up to 12m / Output cable length up to 12m)
